*"When I met Nina I was encourage by her enthusiasm to see me succeed but this meeting was nothing compared to our session that we had together. Nina is like a Typhoon of fresh air... not just a gust of wind, she asks these simple questions that are hard and difficult on the conscious mind but makes the unconscious dig deep to find the answer, she makes me think and plan and want to be at the end of the journey already... Her NLP techniques and skills as a coach are brilliant. I do not hesitate to recommend her services. Thanks Nina!" P Renders May 2008*
